

BOS promised young parents Midlo middle school would stay in current site or close to Midlo core as part of Midlothian Special Area Plan (MSAP) in the 2019 Comp Plan revision. The proposed Midlo middle School site is 2 miles from current location, out of the Midlo core, at the edge of Clover Hill District. This location is NOT consistent with the Comp Plan recommendation! Kevin Carroll and other BOS frequently emphasize the importance of following the Comp Plan. Prior to this Midlo middle school land purchase item being placed on the Dec 17 BOS meeting consent agenda, a public hearing should have been held. That item has been deferred until the Jan 2026 meeting. This gives citizens an opportunity to voice opinions and concerns.
